About North Shore Child & Family Guidance Center

NSC&FGC is the pre-eminent not-for-profit children's mental health agency on Long Island. Dedicated to the emotional well-being of children and families, the Guidance Center leads the way in diagnosis, treatment, prevention, training, parent education, and advocacy.

We work with kids (ages 0-24) who are troubled, in trouble, or causing trouble and parents who need help in these stressful times. Difficulties range from depression and anxiety, developmental delays and school failure, and substance abuse to family crises stemming from illness, death, trauma, and divorce.

Our highly-qualified staff consists of teams of caring psychiatrists, psychologists, social workers and drug & alcohol counselors with expertise in treating children. We provide every client with a personalized treatment plan. We work with many managed care and insurance companies but no one is turned away because of inability to pay.

In addition to providing thousands of client contacts per year through our core services, NSC&FGC offers training for parents, caregivers, student interns and professionals. We also advocate in public and governmental forums for improved mental health services for children.

The Jonathan Krevat Memorial Golf Classic is a significant part of the Center's fundraising calendar and also offers an opportunity to reach out to the community with information about the Guidance Center. As is the case with all of our events, the Golf Classic has become increasingly important due to the current economic climate.
