## ABOUT THE GUIDANCE CENTER

AS THE PREEMINENT not-for-profit children's mental health agency on Long Island, North Shore Child & Family Guidance Center is dedicated to restoring and strengthening the emotional well-being of children (from birth – age 24) and their families. Our highly trained staff of psychiatrists, psychologists, social workers, vocational rehabilitation counselors and other mental health professionals lead the way in diagnosis, treatment, prevention, training, parent education, research and advocacy. The Guidance Center helps children and families address issues such as depression and anxiety; developmental delays; bullying; teen pregnancy; sexual abuse; teen drug and alcohol abuse; and family crises stemming from illness, death, trauma and divorce. For nearly 70 years, the Guidance Center has been a place of hope and healing, providing innovative and compassionate treatment to all who enter our doors, regardless of their ability to pay.

## A MESSAGE FROM THE EXECUTIVE DIRECTOR/CEO AND BOARD PRESIDENT

We are so excited to be joining all of you today at The Jonathan Krevat Memorial Golf & Tennis Classic!

This year marks a very special event. Not only is the Krevat Cup celebrating its 25th anniversary, but it also has a truly special honoree: Jeff Krevat, the founder of the Krevat Cup, which was named in honor of Jeff's brother. Jeff is a longtime supporter of our work, including a nearly decade-long stint on our Board of Directors. He has been a vocal ambassador for our mission ever since. The funds that we've raised from the Krevat Cup have truly saved lives. For that, we extend our most profound thanks to Jeff and his wonderful family.

Given the widespread impacts the COVID-19 crisis has had on the mental well-being of kids and families, the monies we raise today are more important than ever, so thank all of you who are attending the Krevat Cup today for your generosity!

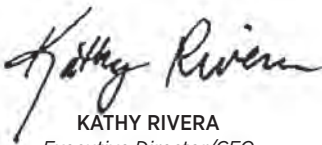

We are so grateful to Mike Mondiello, Dan Oliver, Michael Schnepfer and Troy Slade, along with their fellow committee members, who have done a terrific job putting together today's event. Your hard work and great spirits are appreciated beyond measure!

We are all dedicated to the same mission: helping the children and families who face mental health challenges and providing them with hope and healing. The Guidance Center stands tall because of people like you who invest in children's mental health at this time of great need.

For nearly 70 years, the Guidance Center has been the preeminent community-based non-profit children's mental health agency on Long Island, leading the way in diagnosis, treatment, prevention, training, parent education, research and advocacy.

Our mission is to restore and strengthen the emotional well-being of children and families. We provide comprehensive outpatient mental health and substance use treatment and prevention services for children and families from all walks of life, and we never turn anyone away for inability to pay.

On behalf of the staff and Board of Directors of the Guidance Center, we thank all of you who shared this wonderful day and others who showed support through sponsorships and advertising. We know there are many worthy organizations and events on Long Island that could benefit from your largesse. We are most grateful that you have selected North Shore Child & Family Guidance Center. Your generosity makes a difference as we move forward with renewed energy and spirit to help children and families.

**KATHY RIVERA**  
Executive Director/CEO

**PAUL VITALE**  
President

## A MESSAGE FROM THE CO-CHAIRS

Welcome to this year's Jonathan Krevat Memorial Golf & Tennis Classic! Your participation in this event supports the important work of North Shore Child & Family Guidance Center, the preeminent not-for-profit children's mental health agency on Long Island. For nearly 70 years, we have been bringing hope and healing to all who enter our doors.

In recognition of the milestone 25th anniversary of this event, we are thrilled to have the esteemed founder of the Krevat Cup, Jeff Krevat, as our honoree! Jeff is passionate about our mission, vision and values. He served on our Board of Directors from 1991 – 2009, and his dedication to our cause has never wavered. We are eternally grateful to Jeff for his devotion to the well-being of the children and families of Long Island.

For many years, the Krevat Cup has been a crucial part of our fundraising efforts, with the proceeds supporting the programs and services the Guidance Center provides for our clients, many of whom continue to face mental health challenges as a result of the pandemic. We are proud to be part of an organization that is devoted to serving our local communities during this time of heightened depression and anxiety among our youth.

The Krevat Cup is being held at Engineers Country Club in Roslyn Harbor, one of the most beautiful settings on Long Island. We are confident that you will love the course, and also, for our tennis players, the terrific courts!

We want to thank our sponsors, whose generosity has made this event possible. We are also very grateful to all of you for supporting the lifesaving work of the Guidance Center today and throughout the year.

## NORTH SHORE CHILD & FAMILY GUIDANCE CENTER'S

# PROGRAMS AND SERVICES

### MENTAL HEALTH SERVICES

Each of the Guidance Center's three sites offer mental health services for children from birth through 24 and their families. The first step is a comprehensive evaluation, followed by an individually tailored treatment plan that may include any combination of individual, family and group therapy; and, when indicated, medication management with a psychiatrist. All treatment plans require family consent.

### SUBSTANCE ABUSE SERVICES

Drug and alcohol treatment and prevention services are provided for children, teenagers and their families at the Guidance Center's Leeds Place - Serving Young People in Westbury. Substance abuse services include counseling youths who are alcohol and drug abusers, children who live in families with a parent who is suffering from alcoholism or drug addiction and youths who have co-occurring chemical dependency and mental health problems. Prevention services are offered to local school districts.

### TRIAGE AND EMERGENCY SERVICES

The Fay J. Lindner Foundation Triage & Emergency Services offer a rapid response

to psychiatric emergencies—a sudden set of circumstances in which there is an impending risk of danger to the child or adolescent such as risk of suicide, risk of physical harm to others, a state of seriously impaired judgment in which the child is endangered, and situations of risk to a defenseless victim involving abuse, neglect or exposure to domestic violence. Our goal is to strengthen, stabilize and support.

### DOUGLAS S. FELDMAN SUICIDE PREVENTION PROJECT

The Douglas S. Feldman Suicide Prevention Project is an expansive initiative to tackle the epidemic of suicide among young people. We address high-risk cases with a thorough evaluation for suicide risk; multiple sessions of individual, group and family therapy each week; and an individualized treatment plan that focuses on safety strategies and healthy coping skills. We offer services that will decrease the prevalence of suicidal thinking and actions in our children and teens through education forums, both face-to-face and with webinars.

### EARLY CHILDHOOD SERVICES

The Marks Family Right from the Start 0-3+ Center (RFTS) in Manhasset offers parent education, therapeutic and support

services for young children and their families, as well as pre-school evaluations for children ages 3-6. The RFTS Center is the “umbrella” for early childhood services, agency-wide, that also include:

- *Caregiver Grandparent Respite and Support Program (C-GRASP)* – Support and education for grandparents who are the primary caregivers of their young grandchildren.
- *Changing Families* – For young children witnessing the often painful and acrimonious dynamics of divorce.
- *Diane Goldberg Maternal Depression Program* – Rapid response and diagnosis for mothers suffering from maternal postpartum depression and other perinatal mood disorders.
- *Good Beginnings for Babies* – Support, counseling, advocacy and education for pregnant and parenting teens at the Leeds Place, our Westbury branch office.
- *Grandparent Advocates Supporting Autistic Kids (GASAK)* – Monthly meeting of grandparents to support, inform and advocate for families with autistic children.
- *Friends of Nancy Marks Nature Nursery* – A thoughtfully designed garden area with several hands-on stations and activities (e.g. musical instruments, water, paints,

sand, etc.) for young children and their parents to experience nature through their senses.

## **BEREAVEMENT AND TRAUMA SERVICES**

The Lucille and Martin E. Kantor Bereavement and Trauma Center in Roslyn Heights offers assistance to children, youths and their families during times of grief and trauma, including parents of murder victims and other homicide survivors (POMV). Mental health assessments and ongoing care is offered for children who are abuse survivors or have witnessed violence through the Renée and Robert Rimsky Abuse Prevention and Treatment Services.

## **DIAGNOSTIC SERVICES/ LEARNING TO LEARN**

The Guidance Center offers families comprehensive diagnostic assessments by highly-qualified teams of caring psychiatrists, psychologists, social workers, mental health counselors and drug and alcohol counselors with special expertise in diagnosing and treating children. Our Learning to Learn Center offers specialized screening, diagnosis and tutoring for children suspected of having learning, attention deficit and developmental disorders.

## NORTH SHORE CHILD & FAMILY GUIDANCE CENTER'S

# PROGRAMS AND SERVICES *continued*

### INTENSIVE CHILD AND FAMILY SERVICES

This cluster of services is aimed at children and teens with serious emotional disturbances and their families, offering care coordination, crisis intervention in the home, case management and skills in living training. Teams of social workers, psychiatrists and parent advocates work collaboratively to preserve families and prevent institutionalization through an intensive response, often in the home environment. This cluster includes:

- *Clinical Care Coordination Team (CCCT)* – Provides home-based clinical services for troubled children and teens.
- *Coordinated Children's Services Initiative (CCSI)* – Coordinates services among multiple systems to prevent children from falling through the cracks.
- *Family Peer Advocates* – Provides parent-to-parent support both individually and/or in groups to families who have children experiencing social, emotional and/or behavioral challenges in their home, school or community.
- *Intensive Support Program (ISP)* – Offers intensive mental health services on-site at three Nassau B.O.C.E.S. schools

for children, ages 5-21, and their families from all 56 Nassau County school districts.

- *Latina Girls Project* – Offers bilingual and bicultural mental health counseling, group meetings and outings for adolescent girls suffering from depression, along with family counseling.
- *Organic Garden Program* – Consists of two organic gardens where families and groups learn many important lessons and skills related to growth, change, nurturance, space and collaboration, among others.
- *Wilderness Respite Program* – Offers groups for youth at risk that emphasize outdoor activities as a gateway to mastery of social skills and youth empowerment.

### TRAINING AND CONSULTATION

The Guidance Center provides community workshops, forums and trainings for parents and professionals on a broad range of topics dealing with children and families.
